

FEATURED

Noah C.

As we all know, our school came back from break earlier than usual. Usually we come back the 7th of January, but instead we came back on the 3rd. The reason we did this is because we have an extra break due to Easter. I hope all students had a wonderful break and stayed safe. I also hope all students have a great rest of the year and stay positive through the semester.

SPORTS

Isaiah M.

The St. Joe boys basketball team ended up having another rough game last Friday. They played their hearts out at home against Greater Beckley Christian. Unfortunately, they lost again 57-108, tallying in at one game won and about 10 games lost. Their season hasn't been the greatest, but they aren't letting it get them down. Even though there isn't much hope of getting to the championships, there are still games to come.

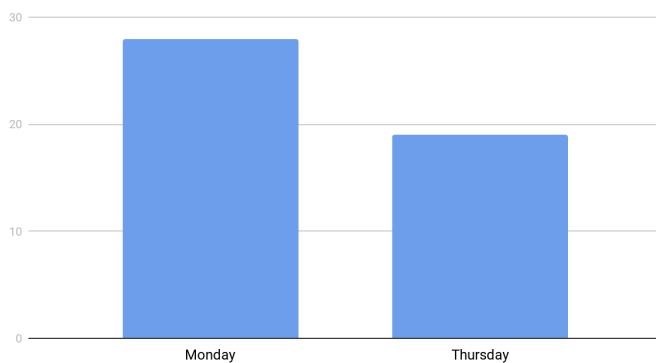

The boys basketball team wasn't the only thing happening on Friday. A few blocks away, the swim team was competing against Huntington High, Spring Valley, and Cabell Midland. Since it was the last meet of the season, it was senior night. Unfortunately, not all of the seniors could be there. Bojena G. was out of town but was recognized with a poster. The other seniors include: McKenzie M., Tima A., Josh N., Caleigh M., and Gracie W. The meet had 22 heats and was a long one. It lasted from about 6:45 to about 9:30. Even though everyone tried their best, Huntington High ended up taking home the award.

McKeon R.

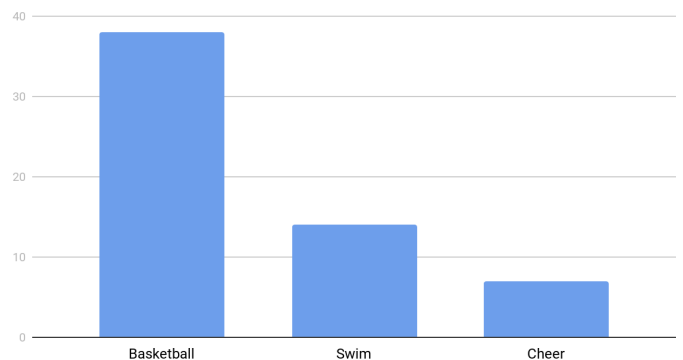

The Saint Joseph girls basketball team is without a doubt the best team that represents us in terms of stats. So far this year our girls team has secured 11 wins, and almost all of them have been won by over 20 points. With the stats we have now, we almost definitely will make it to states and possibly win this year, that is no surprise as the Saint Joseph girls team has won states numerous times in the past. This year we have two seniors who have committed to play college ball: Paige S., who has committed to Marshall University, and Dena J., who has Committed to Chattanooga. We wish them, and the rest of the team luck for the rest of this season.

School Poll

When should we have came back after break?

Which winter sport are you most excited for?
